

# 3 Cabled Coffee Cup Cozies

---

Designed for Piedmont Yarn by Lisa Bogart

These cozies come in three levels of difficulty. From one to learn cabling to one to make you feel like a cabling master! This quick project makes a great little gift.

Materials for any one cozy:

- 15 grams worsted or sport weight yarn  
Lighter colored yarn helps show off the cabling
- US 7 needles either straights or 16" circular
- cable needle
- tapestry needle

Special stitch abbreviations explained:

**CF4** *Cable front four*: slip two stitches onto cable needle, hold in *front* of work, knit next two stitches, then knit the two stitches from the cable needle.

**CB4** *Cable back four*: slip two stitches onto cable needle, hold in *back* of work, knit next two stitches, then knit the two stitches from the cable needle.

## Cozy #1 Single Twists, Beginner

The cables are made in one row and all turn in the same direction making it easier to remember. Get the feel of making the twists.
